Premium Hortshade Shadecloth

Made from UV-stabilised HDPE, it is designed to resist sun damage, water absorption, rotting and will not tear or fray if cut. This recyclable fabric provides weather and pest protection, can enhance yields, improve crop aesthetics and provide an overall more efficient environment for plant growth.

Strong HDPE fabric won't rot or absorb moisture and withstands harsh weather conditions

UV block range from 52% - 77% provides optimal conditions for healthy plant growth and protection of assets and livestock

100% lead and phthalate free for healthier environment

Greenguard® and Oeko-Tex® certified provides confidence in operational quality assurance

Full 10-year UV degradation warranty on fabric
